## THE NEWSLETTER OF ANDERBY WINDFARM ACTION GROUP 'AWAG'

On Saturday 13<sup>th</sup> March 2010, the Village Hall was again packed with residents from Anderby and Anderby Creek.

Tony McGrath opened the meeting by introducing Melvin Grosvenor of the Baumber Windfarm Action Group, who addressed the meeting on what they had achieved, and what he felt we needed to do to achieve similar success in preventing the erection of the proposed windfarm. He was supported by the Chairman of the Gayton Windfarm Action Group, Christopher Holligan.

On the strength of the information we received and the questions put forward by members of the audience, it was decided, by those present, to form the '**ANDERBY WINDFARM ACTION GROUP**'.

After proposals for Offices were made and votes taken, the following have been elected to carry on the fight on your behalf.
